INTRODUCTION TO TEST PROJECT DOCUMENTATION

The Test Project for Cooking will be carried out in rotating modular format over a four day period, total project time 16 hours. A competition kitchen module rotation system which will be finalized by means of a draw by the Chief Expert prior to competition commencement.

All Competitors complete the three modules over the three days as seen in the time management plan.

The two groups of Competitors will have their own Mystery ingredients on their competition days.

The mystery ingredients or recipes of the modules will be chosen two days before competition (C-2) by a draw by the Experts. The CE and DCE will put together three items for the draw in each category.

All food preparations will commence and conclude on the same day. Competitors are not permitted to do preparations in advance.

A common ingredients list will be available for all days of competition and a specific module ingredients list will be available for each individual day of competition.

A mystery component will be provided where needed.
